

PROCEEDINGS

Chemical Engineering Seminar
SOEBARDJO BROTOHARDJONO VI

WasteBased Energy and Chemicals

Surabaya, 18th June 2009

Department of Chemical Engineering
Industrial Technology Faculty
UPN Veteran, East Java

PROCEEDINGS

Chemical Engineering Seminar
SOEBARDJO BROTOHARDJONO VI

Waste Based Energy and Chemicals

CHEMICAL ENGINEERING SEMINAR

Editor :

Prof. Dr. Ir. ALI ALTWAY, MSc
Prof. Ir. RENANTO HANOGO, MSc PhD.
Dr. Ir. SOEMARGONO, SU
Dr. Ir. SRI REDJEKI, MT
Dr. Ir. NI KETUT SARI, MT

Surabaya, 18th June 2009

DEPARTMENT OF CHEMICAL ENGINEERING
INDUSTRIAL TECHNOLOGY FACULTY
UPN VETERAN, EAST JAVA

List of Articles

**ROOM : A
(SEMINAR)**

No	Name	Paper	Institution / University
1	Suryadi Ismadji	Preparation of Durian Shell-Based Activated Carbon : Comparison between Physical and Chemical Activation on Pore Structure Development.	Department of Chemical Engineering, Widya Mandala Surabaya Chatolic University
2	<u>Waleed Nour</u> <u>Eldien</u> Ali Altway	Mass Transfer Analysis of H ₂ S Reactive Absorption Using Fe-EDTA Solution in Packed Column	Heat and Mass Transfer Laboratory Department of Chemical Engineering Faculty of Industrial Technology Sepuluh Nopember Institue of Technology Surabaya
3	<u>Megawati *</u> Wahyudi B. Sediawan** Hary Sulisty** Muslikhin Hidayat**	Kinetics of Dilute – Acid Hydrolysis of Lignocelluosic Substance from Municipal Organic Waste at Non-Isothermal Condition	* Faculty of Technology, Universitas Negeri Semarang ** Department of Chemical Engineering Gadjah Mada University Yogyakarta
4	Heri Hermansyah Yuswan Muharram Muhammad Eki Risan Aji Septian Mamo Noris Rahmatullah	Kinetic Model Based on Reversible Ping Pong Bi Bi Mechanism for Enzymatic Interesterification of Triglycerides to Produce Biodiesel	Department of Chemical Engineering University of Indonesia
5.	Tri Wijaya Ali Altway Ester Inaully Fanny Furaida	Influence of Toxic Compounds by Using Chlorophenol in The Performance of Fact Bioreactor	Department of Chemical Engineering Sepuluh Nopember Institue of Technology Surabaya
6	<u>Semuel Pati</u> Senda, Renanto Handogo, Achmad Roesyadi, Wahono Sumaryono	Modifications of orbiting Screw Mixer Type to Produce Slow Realease Fertilizer	Chemical Engineering, Faculty of Industrial Technology ITS , Surabaya
7	<u>Mustafa</u> <u>Widayat</u> A. Roesyadi M. Rachimoallah	Making Procees and Test Characteristic of Catalysist at Process Dehydration Ethanol Become Diethyl Ethyl with Natural Zeolite	Chemical Engineering Laboratory, Department of Chemical Engineering Industrial Engineering Faculty, Magister of Program Institute Teknologi Sepuluh Nopember Surabaya
8	Arif Hidayat	A Comparison Between Pt/ γ - Al ₂ O ₃ and BaO / Pt/ γ - Al ₂ O ₃ Catalyst in Storage and Reduction of NOx	Chemical Engineering Department, Faculty of Industrial Technology University of Islam Indonesia
9.	Musfil Aly Altway Tri Widjaja Sisca Rifla Hasasty Pratiwi	Performance and Identification of Fouling in a Submerged Membrane Adsorbtion Hybrid Bioreactor (SMAHBR)	Department of Chemical Engineering Sepuluh Nopember Institute of Technology (ITS)Surabaya
10	Edi Mulyadi Bambang Wahyudi Nurul Widji Triana	Crude Fish Oils Transesterification in an Oscillatory Reactor	Environmental Engineering Department, Faculty of Civil and Plan Engineering,

List of Articles

No	Name	Paper	Institution / University
1.	Nanik Astuti Rahman * SR Juliastuti**	Effect of Metal Inhibitor to Kinetic Parameter of Microbe for Biogas Production	* Department of Chemical Engineering I T N Malang **Department of Chemical Engineering Sepuluh Nopember Institute of Technology (ITS) Surabaya
2.	Arif Hidayat	The Change in Physiochemical Characteristic of Modified Bagasse Fly ash with Acid Treatment for Textile dye Adsorption	Chemical Engineering Department, Faculty of Industrial Technology University of Islam Indonesia
3.	<u>Nurjannah</u> Irmawati Achmad Roesyadi Danawati HP	Catalytic Cracking of Palm Oil to Produce Biofuel	Department of Chemical Engineering Sepuluh Nopember Institute of Technology (ITS) Surabaya
4.	<u>Irmawati Syahrir</u> Nurjannah Achmad Roesyadi	Study Kinetics of Cracking Oleic Acid to Biofuel	Chemical Engineering Laboratory Department of Chemical Engineering ITS Surabaya
5.	<u>Lasty Marlusi R.</u> <u>Zuliana Eka Lestari</u> Caecilia Pujiastuti	Study Kinetics of Pottaium Sulfate Formation from curry of Randu Ash Extract with Sulphate Acid	Department of Chemical Engineering UPN " Veteran " Surabaya
6.	Muhammad Saechu	Potential of Spreader Kettle with Travelling Goat at Sugar Cane Plant	Pusat Penelitian Perkebunan Gula Indonesia , Pasuruan
7.	Aisyah E. Palupi I N Widiasta *	The Ultrafiltration Process for Separation Chromium (VI) and Nikel Ions in Waste Water of Electroplating Industri	Jurusan Teknik Mesin, F T Universitas Negeri Surabaya *Jurusan Teknik Kimia , FT, Undip
8.	Eko Naryono Kuswandi	Liquid-Liquid Equilibria of the Eugenol + Ethanol + Water System at 303-323 K	Department of Chemical Engineering Industrial Engineering Faculty, Magister of Program , Institute Teknologi Sepuluh Nopember Surabaya
9.	Lucky Indrati Utami	The Making of Ethanol from Juice Tuber	Chemical Engineering Department UPN " Veteran " Surabaya
10.	Dyah Suci Perwitasari Anton Cahyo	The Production of Dekstrin Used as the Adhesive from the Roots of the Taro w Hydrochloric Acid Catalyst	Department of Chemical Engineering UPN " Veteran " Surabaya

List of Articles

No	Name	Paper	Institution / University
1	Permata N. Pumamasari P. Sumarno	The Combination of Starch graft Polyacrylamide Synthesis with Polyaluminium Chloride for dye Removal of Waste water	Chemical Engineering Department –The Industrial Technology Faculty Sepuluh Nopember Institute of Technology Surabaya
2	Tania S. Utami Josia Simanjuntak Heri Hermansyah Slamet M. Nasikin	Effect of Circulated Gas Flowrate and Addition Nutrition in Nitrous Oxide Gas Removal Using Compost Based Biofilter	Department of Chemical Engineering, Faculty of Engineering , University of Indonesia
3	Didik Purwanto Hariono Boitokan Basilio	Effect Sparger and Aeration Time to Yield of Virgin Coconut Oil Production	Chemical Engineering Department Faculty of Industrial Technology Institute Teknologi Adhi Tama Surabaya (ITATS)
4	Srie Muljani <u>Susi Lawati</u> <u>Moh. Iskak</u>	Study on The Biofertilizer Production From Biomass by Extraction and Fermentation Method	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
5	Simparkin br Ginting Sufriadi Burhanuddin	Estimation of Equilibrium Curve at Leaching Process Castor Oil –Castor Seed - Ethanol	Chemical Engineering Department Lampung University
6.	Diah AgustinaP. Yuyun Yuniati	Production of Ethanol Using Molasses by Extractive Fermentation System as Alternative Engine Fuel	Chemical Engineering Department Institute of Technology Adhi tama Surabaya
7.	Arisandi R.M. Sahkundiyyar SunarkoL. Sumarno	The Effect of Surfactant in Making Lightweight Concrete Using Expanded Polystyrene (EPS) Waste	Department of Chemical Engineering, Faculty of Technology Industry Sepuluh Nopember Institute of Technology
8	Ni Ketut Sari	Study Research Produce Bio Ethanol From Bulrush	Department of Chemical Engineering UPN " Veteran " Surabaya
9	Nana Dyah Siswati Herwindo T. Puguh Wahyu Eko S.	Effect of Effective Microorganisms(EM) in the Decomposition Process of Paper Industry Solid Waste	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
10	Elly Kurniati Yusuf Hardiyansa	The Influence From Solution Concentration and Time Reaction	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya

List of Articles

ROOM : D (II-3)

No	Name	Paper	Institution / University
1	<u>A.S. Dwi Saptati</u> N.H. Sri Rachmania Juliastuti	Effect of Phanerochaete Chrysosporium on the Cellulose Fungal Pretreatment of Organics Waste	Department of Chemical Engineering, Faculty of Technology Industry Sepuluh Nopember Institute of Technology
2.	<u>Dian YanuaritaP.</u> Sri Rachmania Juliastuti	The Effect of enzyme α – amylase and glucose amylase performance in hidrolisis of tapioca soled waste on glucose yield	Department of Chemical Engineering, Faculty of Technology Industry Sepuluh Nopember Institute of Technology
3	<u>Rudy Laksmono</u> Edy Mulyadi	Biodegradation Textile Waste Water Contain Reactive Red By Pseudomonas Bacteria	Department of Environmtmental Engineering UPN " Veteran " Surabaya
4	Muhammad Saechu	Bagasse Energy Optimation at Sugar Cane Plant	Pusat Penelitian Perkebunan Gula Indonesia , Pasuruan
5.	<u>Ketut Sumada</u> Srie Muljani	Study Produce and Application Fertilizer Multinutrient from Power Station Water Dischard of Heating Power Earth	Department of Chemical Engineering UPN " Veteran " Surabaya
6	Dwina Moentamaria	The Usage Rotating Biological Contactor 3 stages for Textile Waste Degradation with Phanerochaete Chrysosporium Fungi	Jurusan Teknik Kimia Politeknik Negeri Malang
7.	Mochamad Nasrullah Scorpio Sri Herdinie Elok S. Amitayani	Comparison of LUEC (electric Cost) PLTN with fosil fuel Based Electric Generator with Carbon Tax Consideration	Pusat Pengembangan Energi Nuklir, Badan Tenaga Nuklir Nasional, Jakarta
8	<u>Elvianto Dwi</u> <u>Daryono</u> Mahfud Muharto	Esterification of Free Fatty Acid (Oleic Acid) Jatropha Oil With Acid Catalyzed and Addition of Adsorben	Department of Chemical Engineering, Industrial Faculty of Technology Institut Teknologi Sepuluh Nopember Surabaya
9	Luluk Edahwati	Waste DepreciationPhenol By Using Actived carbon Bagasse and Shell of Coconut	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
11	Suprihatin	Reaction Kinetic of Calsium Carbonate Preparation From Fertilizer (ZA) Waste by Soda Process	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya

Surabaya, 18th June, 2009

Moderator : Ir. Ketut Sumada,MS

List of Articles

ROOM : E (I-1)

No	Name	Paper	Institution / University
1.	Agus Budianto Anita Tresi Bima Brahmana Siti Saudah	Extracting Oil From Lemuru Fish	Jurusan Teknik Kimia Fakultas Teknologi Industri Institut Teknologi Adhi Tama Surabaya (ITATS)
2.	Pasca Brawijayanti Diar Dhorissinta Kindriari Nurma Wahyusi	cellulose acetate from bagasse with acetylation	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
3	<u>Novi Dareka Chistina</u> <u>Clara Anggun Yulanda</u> Suprihatin	Hydrolysis Protein From Lamtoro Seed	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
4.	Lailatul Q. Mahfud Zaky F.O. Yusfian N.	Distillation Process of Agarwood	Department of Chemical Engineering, Industrial Faculty of Technology Institut Teknologi Sepuluh Nopember Surabaya
5.	<u>Ery S. Retnoningtyas</u> A.Ayucitra Ong W. Yong F. Maramis	Effect of pH and Concentration of Starch Extracted from Fruit Waste on the Growth of <i>Rhizopus Oryzae</i>	Bioprocess Technology Laboratory , , Department of Chemical Engineering, Industrial Faculty of Technology Widya Mandala Surabaya Catholic University, Surabaya
6.	<u>Rini Kartika Dewi</u> Tantowi Ismail	Kinetic of CaO Adsorption at Water – Ethanol system	Department of Chemical Engineering, Industrial Faculty of Technology ,Institut Teknologi Nasional Malang
7.	<u>Ilma Amiriyah</u> <u>Nur Machillah</u> <u>Retno Dewati</u>	Influence Volume of Solvent, Time, and Extraction Temperature for Determination Azadirachtin Value on Mimba's Seed	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
8.	Muhammad Saechu	Treatment of Condensate Water for Hig Pressure Kettle at Sugar Cane Plant	Pusat Penelitian Perkebunan Gula Indonesia , Pasuruan
9.	Dwi Hery astuti Sri Christianti Sapty Rayadani	Oxalic Acid from Cutton stick	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
10.	Elly Kurniati Yusuf Hardiyansa	The Degradation from COD and BOD in Waste Pulp Industri with Process of Lignin Burst	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
11.	Sintha Soraya Santi Yudi Setiadi Moch. Yunus	Effect of HCl Concentration on Eceng Gondok Hydrolysis to Produce Furfural	Chemical Engineering Department Faculty of Industrial Technology UPN " Veteran "Surabaya
